

TRANSPORTATION PROJECTS UNDERWAY IN THE INLAND EMPIRE

644 PROJECTS FILLING POTHoles AND REPAVING CRUMBLING ROADS

103 PROJECTS IMPROVING THE SAFETY OF LOCAL ROADS AND BRIDGES

56 TRAFFIC CONGESTION RELIEF PROJECTS

42 SAFETY IMPROVEMENT PROJECTS FOR PEDESTRIANS AND BICYCLISTS

SB1 FUNDING FOR OUR CITIES AND COUNTIES: 10-YEAR TOTAL

Riverside County **OVER \$1 BILLION**

San Bernardino County **\$991 MILLION**

TOTAL \$2 BILLION

FILLING POTHoles AND REPAVING ROADS

- 200 miles of pavement repairs on I-10
- Pavement preservation project on I-10 spanning from the San Bernardino/Los Angeles County line to the I-10/I-15 Junction
- Pavement preservation on I-10 throughout Riverside County to the Arizona state line
- Pavement preservation on SR 210 throughout San Bernardino County
- 286 repaving projects in Eastvale
- 105 repaving projects in Moreno Valley
- Resurface more than 150 miles of roadway in various communities throughout San Bernardino County
- Improve 116 miles and shoulders, ramps on I-10 from Rice Road/SR 177 to Teed Ditch Bridge in Riverside County
- Repave Monterey Avenue from White Water Channel to Hovley Lane West in the City of Palm Desert

TRAFFIC CONGESTION RELIEF

- Improvement of the I-15/Railroad Canyon Interchange in Lake Elsinore to enhance safety and reduce congestion
- Improvements on I-10 and SR 60 throughout San Bernardino and Riverside counties to ease congestion and improve movement of goods
- Construction of roundabouts at multiple intersections to ease congestion on County Line Road in the cities of Yucaipa and Calimesa
- Improvement project on Highway 111 between Madison Street and Rubidoux Street to widen road from 4 to 6 lanes, reconstruct pavement, and improve intersections and signals in Indio
- Street widening and improvement projects on Second Street and Sixth Street to add dual right turn lanes onto the I-15 southbound freeway in the City of Norco
- Upgrades to traffic monitoring systems on SR 71 from the Los Angeles/San Bernardino County line to the San Bernardino/Riverside County line
- Widen Rancho Road in Hesperia
- Widening Temescal Canyon Road to improve traffic flow through Temescal Valley to improve traffic flow in Riverside County
- Construct new freeway interchange at I-15 and French Valley Parkway in Temecula
- Widen Railroad Canyon Road to 8 lanes, reconstruct northbound diamond ramps, widen southbound entrance ramp to 3 lanes, construct acceleration lane, and reconstruct southbound exit ramp to 2 lanes in the City of Lake Elsinore

Continued

Examples of Projects Underway in the Inland Empire

BRIDGES

- Replace **bridge** at **Jefferson Street** and **I-10 Interchange** in **Indio**
- **Bridge** and **railing repairs** throughout the **City of San Bernardino**
- **Construct a bridge** over the California Aqueduct in **Hesperia** in **San Bernardino County**

ROAD SAFETY

- Safety and preventative maintenance on **67.5 miles** including shoulders and guardrails on **I-10** from **Ontario** to **Redlands**, **SR 210** and **66** near **San Bernardino**
- Construct **new traffic signal** at the intersection near **Mt. San Jacinto High School** to **improve driver** and **pedestrian safety** in **Cathedral City**
- **Strengthen guardrails** along **25 miles** of **I-10** from **Ontario** to **Redlands**
- **Restripe I-15** from the **San Diego/Riverside County line** to the **Nevada state line** to improve visibility and safety
- Implement two **express lanes** in each direction for a total of four general purpose and two express lanes in each direction from **San Antonio** to **I-10/I-15 Interchange** with auxiliary lanes and reconstruct ramps to improve mobility
- Safety and roadway improvements of **52 miles** on **I-10** to include **construction** of an **eastbound truck lane**, improving **shoulders** and **ramps** from east of **Coachella Canal** to **Hazy Gulch Bridge** in **Riverside County**
- **Crosswalk** and **dedicated left-turn lane** at the intersection of **Mission Inn Avenue** at **Pine Street** to improve safety and reduce delays in **Riverside**

PEDESTRIAN SAFETY

- Enhance **pedestrian and bike safety** on **Palm Dr.** in **Desert Hot Springs** between **Camino Aventura** and **Two Bunch Palms Trail**
- Install **high-visibility crosswalks**, **sidewalk extensions**, and **ADA accessibility features** around the **Redlands Library** and **Redlands Bowl**
- **Add shoulders** and **upgrade ramps** and approaches to comply with **ADA requirements** on **Village Drive** between **Mojave Dr.** and **Air Expressway** in **Victorville**
- Add **sidewalk** and **crosswalk flashers** to improve pedestrian safety access to **Jurupa Valley High School**
- Sidewalk and intersection safety improvements on **Clark St.** in **Riverside**
- Install changeable **message signs** along **I-10**, **SR 60** and **SR 86**

PUBLIC TRANSPORTATION

- **Expand weekday** and **weekend service**, improve frequency and a new route serving communities of **Eastvale**, **Norco** and **Corona** for **Riverside Transit Agency**
- **Safety repairs** on **Metrolink commuter rail structures**, track, signals, communication systems, facilities, stations, platforms, signage, and equipment
- **Secure ADA accessible van** to transport passengers/wheelchairs
- **Upgrade bus stop** at **SR 62** and **Elk Trail** in **Yucca Valley** to improve accessibility and safety
- Construct **9 miles** of **passenger rail line** between **Downtown San Bernardino** and **Redlands** with **5 new transit stations**

This is a partial list of projects.
